Dear Ian

The School of Civil Engineering and Geosciences at Newcastle University will be pleased to accept students that have appropriate UCAS points on the TLM Level 3 Diploma for Designing, Engineering and Constructing a Sustainable Built Environment (QCF) (Qualification Number [601/1562/2](#)). All applications will be considered on an individual basis. As long as they meet our general entrance requirements for UCAS points and A level subjects, we will treat this qualification and its UCAS points in exactly the same way as with any relevant A level subject.

Yours sincerely

Dr Ruth Vater
