Dear Mr Walker

This letter is to confirm the support of Willmott Dixon for TQUK's suite of qualifications in "Design Engineer Construct! The Digital Built Environment" as follows:

TQUK Level 1 Certificate in Design Engineer Construct! The Digital Built Environment
TQUK Level 2 Certificate in Design Engineer Construct! The Digital Built Environment
TQUK Level 3 Certificate in Design Engineer Construct! The Digital Built Environment
TQUK Level 3 Diploma in Design Engineer Construct! The Digital Built Environment

We welcome the opportunity to confirm that we believe such qualifications will be key to the future of the Construction industry. We understand that these qualifications have previously had academic equivalency as valid, rigorous, and worthy of recognition for performance table points with a different awarding body and would recommend that they continue to be acknowledged by Government thereby encouraging their uptake in schools.

Furthermore, we have actively supported schools offering the Design Engineer Construct! learning programme and qualifications for a number of years, and recognise their worth in the education of the next generation of young professionals.

Yours sincerely

ALISON SYMMERS
Head of Foundation
WILLMOTT DIXON FOUNDATION
